TTD Hosts Second Library Master Plan Forum

AUG. /SEPT. 2015

On July 9th, TTD hosted their most recent public forum to discuss the process and progress of developing a master plan for the district-funded library – the East Norwalk Association Library. The event took place at The Marvin, and welcomed TTD ratepayers and other members of the East Norwalk community.

The collaborative discussion was led by the master plan consultant, Alex Cohen of Aaron Cohen Associates, LLC, who was on-hand once again to answer questions about the progress and goals of the master plan. *(Continued on page 2)*

Website Enhancements

In an effort to simplify the usability of the TTD website, a “ticker” has been added to the top of the home page. The ticker will feature upcoming events and information about any event changes or cancellations. We are also working through some enhancements that will allow residential and business customers to locate account information more easily. Stay tuned for news about these on-going updates.

TTD to Host CMEEC Meeting

TTD will host the September CMEEC Board of Directors meeting at the Pastime Club in East Norwalk. Commissioner David Brown and General Manager Jim Smith both sit on the CMEEC Board of Directors. A recap of the meeting will be included in the next issue of the newsletter.

Shorehaven Work Complete

Our staff has recently completed work on large-scale electrical upgrades and enhancements at Shorehaven Golf Club. A special thanks to General Foreman Mike Adams and his team, who worked tirelessly to complete this project ahead-of-schedule and well within budget.

Streetlights

Just a reminder that if you see non-working streetlights, please call the TTD office at **203-866-9271** with the pole location and pole number.

Master Plan (Cont.)

Attendees were given a chance to see preliminary progress on design options for library space, and were encouraged to provide input and ask questions about the plans. Some potential design elements included different configurations for the main and lower levels of the building, including designated locations for teen, children and meeting areas.

Oyster Festival is Coming!

As East Norwalk's municipal electric company, TTD is busy preparing for the Norwalk Seaport Association's Oyster Festival, which runs September 11-13 at Veteran's Park – a true Norwalk tradition!

TTD Summer Concert Series

Summer is here, and the TTD Summer Concert Series is in full swing! Don't forget to join us for our concerts at Calf Pasture Beach. Visit the ttd.gov home page for a full schedule and information about weather cancellations.

GIVE US YOUR INPUT!

The results of TTD's online survey have been vital to the master plan process, and East Norwalk residents who have not yet participated are urged to complete the survey at ttd.gov before time runs out.
